

ONE SMALL STEP

INVITATION

#OneSmallStepNI - Shaping Our Future

Friday 2 February 2018

Barclays Eagle Labs, Ormeau Baths, Belfast

6 - 8pm

JCI Belfast invites you to a special event to hear some of our young leaders share their vision for the future. Those attending will have the opportunity to discuss and share their visions for Belfast (and for our wider community) in addition to the type of society in which they would like to live in the next 20 years. As we enter a new period of political and economic uncertainty in Northern Ireland there are a number of issues to consider:

- Our government – how do we challenge the status quo and encourage our political leaders to create a sustainable and functioning government?
- Our society – how do enable each other to create a truly shared society?
- Our money – how do we create a strong economy and provide our young people with meaningful and attractive opportunities?

Hear the views of political representatives from Ulster Unionist Party (UUP), Democratic Unionist Party (DUP), Social Democratic and Labour Party (SDLP), Sinn Féin (SF), and The Alliance Party. With key note speakers: Roy McGivern, Chairman of Linfield Football Club, and Michael Boyd, Director of Irish Football Association.

To book your free place, please email angela.mccartney@jcibelfast.org.uk
